- Spacious bottom freezer with full extension drawer gives easy access to frozen goods

DIMENSIONS

Height	71 13/16"
Width	35 1/16"
Depth	23 3/4"

FEATURES & BENEFITS

ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your fridge and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Clever energy

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means your refrigerator uses the energy it needs without compromising on food care.

Water on tap

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your refrigerator.

Easy installation

Our integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Our refrigerators are designed for minimal gaps with adjustable front and rear feet to allow for uneven floors alongside adjustable door panels that can be customized to match your kitchen.

Ice maker

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

Design quality

Our refrigerators are designed and built using quality materials. We use real stainless steel on our refrigerators and solid glass for shelving.

Humidity control

Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.
