FEATURES & BENEFITS

ACTIVESMART™ FOODCARE

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

DESIGN QUALITY

Our refrigerators are designed and built using quality materials. We use real stainless steel on our refrigerators, hidden hinges and solid glass for shelving.

CLEVER ENERGY

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means your refrigerator uses the energy it needs without compromising on food care.

SIMPLE STORAGE

This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

HUMIDITY CONTROL

Your fruit and vegetables need different environments. The humidity control slides in each storage bin create a microclimate that helps to keep food fresher for longer.

ICE MAKER

Fresh ice is always available for you in a dedicated freezer bin.

Simply turn it off to free up freezer space or boost ice production by up to 30% during busy times.

EASY CLEANING

Spill-safe secure glass shelves easily capture any drips or leaks.
