SKSCW181RP
18-INCH INTEGRATED COLUMN WINE REFRIGERATOR

SIGNATURE
KITCHEN SUITE

WINE CAVE TECHNOLOGY™
Carefully tailored to mimic the ideal environment of historic wine caves, our exclusive design minimizes temperature fluctuations, reduces vibration, limits light passing through, and locks in humidity.

PRECISE PRESERVATION
Ingenious features like an Inverter Linear Compressor and metal interior help to keep your collection cool while maintaining the lowest temperature fluctuation among leading brands* and vibration minimized to less than 2 gal (cm/s^2).

LIGHT AND HUMIDITY CONTROL
Dark-tinted, triple pane glass protects wine from damaging UV light while humidity control boosts humidity to optimum levels, helping to preserve quality and taste.

INDEPENDENT TEMPERATURE ZONES
Two Independent temperature zones keep both white and red wines at the right temperature to bring out the very best taste.

TOUCH DISPLAY LIGHTING
Showcase an entire collection with a touch of the door. LED lights are activated by gently tapping the door or with the mobile app. Choose from four display settings including, Presentation, Upper, Lower, and All.

FLEXIBLE FIT INTEGRATED DESIGN
Every integrated column features an intelligent, symmetrical design that allows for flush installation, along with easy door reversal.

ECO FRIENDLY
Engineered to reduce environmental impact with HFC / HCFC free refrigerant, insulation and recyclable materials, while using just 250 kWh/yr — the lowest energy consumption in the industry.*

Style

Door Style	Panel Ready
Door Swing	Reversible (Ships Right Hinge)
Interior Cabinet Finish	Metal

Innovation

WiFi-Enabled for ThinQ® Control with iPhone / Android App	Yes

Limited Warranty on Sealed System, Parts Only	10 Years

*These warranties give you specific legal rights and you may have other rights that vary from state to state. For complete warranty details, refer to your Use & Care manual.

CUTOUT DIMENSIONS – FLUSH INSTALLATION

SINGLE COLUMN

18" (457 mm) finished width

25" (635 mm) min. depth

4" (102 mm) finished return*

5" (127 mm) electrical location

84" (2134 mm)

1 3/8"(35 mm)

*A minimum 4" (102 mm) finished return that matches the cabinet exterior is recommended on all sides and the top of the cutout opening. The shaded area will be visible after installation.

Notes

Wine refrigerator can be installed flush with 3/4" custom panel or optional stainless steel panel kit.

With a 25" (635 mm) cutout depth, the front face of the wine refrigerator fits flush with 25" (635 mm) depth adjacent cabinets.
Electrical

A 115V, 60Hz., 15 amp power supply is required. An individual properly grounded branch circuit or circuit breaker is recommended. Install a properly grounded 3-prong electrical receptacle recessed into the back wall. Electrical must be located on rear wall as shown.

Note: GFI (ground fault interrupter) is not recommended.

INSTALLATION CLEARANCES – FLUSH INSTALLATION

1 1/4"* (32 mm)

17 3/4" (451 mm)

19 1/2" (495 mm)

115°

90°

3/4" (19 mm)**

*Door handle must be added to this dimension.

**Varies depending on the thickness of the custom cabinet panel. The door panels in the optional Signature Kitchen Suite stainless steel door panel kit are 3/4" (19 mm) thick.

Notes

Door Swing Clearances – The installation must allow for clearances to adjacent walls or cabinets. This wine refrigerator is equipped with a 2-position door stop. The factory-set 115° door swing can be adjusted to 90° if clearance to adjacent cabinets or walls is restricted.
Door Handle Clearances – The Door Handle depth must be added to the dimension noted to determine the total clearances required from adjacent cabinets or walls. This clearance will vary depending on the custom handle used. When using the Stainless Steel Door Panel Kit w/Handle or the Brushed Aluminum Handle (optional accessories), the door handle clearance with door open 115° is 11" (279 mm).

Notes

These units are designed to be customized with decorative panels. Field-installed custom door panels or an optional Stainless Steel Panel Kit is required.

For Custom Panels: Use templates provided with units to pre-drill holes for mounting panel brackets (provided with unit). Adjustment screws and instructions also provided with units.

Maximum Total Door Panel Weights:
24-Inch Integrated Column – 22 lbs.
18-Inch Integrated Column – 21 lbs.

Design Tips

4" (102 mm) will be visible on the interior sides of the furniture return. It is recommended that both sides of each cutout panel be finished to match the cabinet exterior.

If using custom panels, a custom toe kick is required. The bottom of case is unfinished.

Door Handles: Handles are not included with the units. Custom handles are required for installation. Brushed Aluminum Handles are available as an optional accessory.

OPTIONAL ACCESSORIES

Stainless Steel Panel Kit for 18-inch Integrated Column Wine Refrigerator

This unit can be installed with an optional Stainless Steel Panel Kit. Kit includes one door panel, one toe kick and one handle. Order right or left hinge option, depending on desired installation.

SKSWK185RS – 18" Wine Column Stainless Kit, Right Hinge
(Horizontal brushed hairlines for right hinge installation, opening from left to right)

SKSWK185LS – 18" Wine Column Stainless Kit, Left Hinge
(Horizontal brushed hairlines for left hinge installation, opening from right to left)

Handles for Use With Custom Panels

SKSHK310HS – 31 11/16" (805 mm) Medium Handle – Brushed Aluminum

SKSHK480HS – 48" (1219 mm) Long Handle – Brushed Aluminum

Joining Kit for Dual / Multiple Column Installation

SKSFJ800P – This kit is required for installation when a wine column is installed with another wine column, refrigerator column or French door column. This kit is included with all freezer columns.

Refer to the Integrated Column Planning/Installation Guide for details on installing multiple columns, door swing dimensions, cabinet planning, retrofit installation and more.
